# Keeping Your Costs Low

Dharma works with thousands of small business, retail, and service provider merchants who need low rate credit card processing. ([Learn about who we work best with, here](#)). That's why we offer a low merchant rate, with fixed margins of 0.15% and \$0.08 per transaction above Interchange for storefront payment processing fees. Plus, no long-term contracts! Before signing up, we'll run a free cost analysis against your current provider to ensure you're getting the lowest possible and best rate merchant services. Since we only operate on the Interchange-plus pricing model, you always get the lowest rates, and our margins are clearly spelled out.

- All accounts include *free access* to [MX Merchant](#), including a Virtual Terminal and mobile app.
- Low, fair terminal pricing with no long-term leasing
- No annual merchant service fees, monthly minimums, or hidden fees

A blurred background image of a document. At the top, there is a table with financial data: a row with '\$52,710', a row with '\$908.81', and a row with '0.30%'. Below this, the word 'contract!' is partially visible. In the bottom right corner, there is a red stamp that reads 'are you saving money by sw...'. The overall image is out of focus, serving as a background for the cookie notice.
