High-Volume Pricing

For merchants processing **more than \$100,000** or **5,000 transactions** per month, or for restaurants with a **low average ticket of less than \$25***

Reduced IC+ pricing at 0.10% plus a transaction fee
Reduced monthly fees and per-instance fees

Rock-bottom Rates

Our High Volume credit card processing pricing is specifically designed for high-volume merchants to help you keep costs as low as possible. This pricing is offered to merchants processing payments over \$100,000 in credit/debit card sales every month, over 5,000 transactions per month, or restaurants with an average ticket of \$25 or less. All High

Volume accounts pay the same Interchange-plus wholesale costs on Visa, Mastercard, Discover and American Express as non-high-volume accounts. Only the Dharma Interchange-Plus % and transaction fee margin are discounted.

***Please note:** High Volume rates are not applicable to high risk accounts. Exclusions may also apply for future delivery, custom-built orders, taking deposits in advance of delivery of service, recurring billing (especially open-ended subscriptions), and other processing characteristics which increase account risk of customer disputes.
