Merchant Services

A little about Dharma

At Dharma Merchant Services, we believe business can be a force for good, and we stand behind our ideals of social responsibility. Fair Pricing. Honest Practices. Doing the Right Thing. No secrets, surprises or deception here. The code word is transparency on all fronts. Our job is to explain the mysterious world of payment processing, how Interchange Pricing works, give you concrete examples and educate you on various topics via our Knowledge Base. Our prices are fully posted and very competitive. This is how Dharma is different than the competition.

Dharma supports businesses with solutions that allow you to accept payments in person and online. Whatever way your office needs to accept payments, we can help. Our fair and transparent pricing is designed for all merchants taking card-present transactions, mail order / telephone order sales, and e-commerce sites.
